Toll Hike

Mysuru-Bengaluru Expressway toll fee to go up from April 1

Mysuru, Mar. 29 (BCT)- In the second revision since the opening of the Mysuru-Bengaluru Access-Controlled Expressway in Feb. 2023, the National Highways Authority of India (NHAI) has announced an increase in toll rates effective from Apr. 1, 2024. The charges have been adjusted by 3 to 14 per cent in accordance with the Wholesale Price Index (WPI) and will remain in effect until Mar. 31, 2025.

As per the NHAI notification, vehicles such as cars, vans and jeeps travelling the 55.63-kilometre Bengaluru-Nidaghatta section will now incur a toll of Rs. 170 for a one-way trip and Rs. 255 for a round trip within 24 hours. Previously, these rates stood at Rs. 165 and Rs. 250, respectively. Toll collection will be conducted at Kanaminike and Sheshagirihalli toll plazas.

For light commercial vehicles, light goods vehicles and minibuses, the toll charges for a single journey have been revised to Rs. 275, with a return journey costing Rs. 415. This marks an increase from the previous rates of Rs. 270 and Rs. 405, respectively. Trucks and buses (two axles) will now be charged Rs. 580 for a single journey and Rs. 870 for a return journey, compared to the previous rates of Rs. 565 and Rs. 850, respectively. Non-commercial vehicles within 20 km of the toll plaza will now have a monthly pass priced at Rs. 340, up from Rs. 330.

Nidaghatta to Mysuru route

For the Nidaghatta to Mysuru route, as per the notification issued for toll collection at Gananguru village, car users will have to pay Rs. 160 for a single journey and Rs. 240 for a return journey for cars, vans and jeeps, compared to the previous rates of Rs. 155 and Rs. 235, respectively. The one-way toll for cars will be Rs. 330.

The monthly pass is priced at Rs. 5,315 for cars. LCV/LGV/Minibus have to pay a fee of Rs. 260 for a single journey and Rs. 385 for a return journey while Rs. 540 (single journey) and Rs. 810 (return journey) are charged for trucks and buses (2 axles).

Vid. Ramachandran to sing for K.V. Murthy Memorial Concert

Mysuru, Mar. 29- Vid. Maharajpuram Ramachandran will present a vocal concert for K.V. Murthy Memorial Endowment concert sponsored by well-wishers on Mar. 31 (Sunday) at Nadabrahma Sangeetha Sabha, JLB Road, at 6 pm.

K.V. Murthy

Vid. Maharajpuram Ramachandran

He will be accompanied by Vid. H.V. Raghuram on violin, Vid. Tumkur B. Ravishankar on mridanga and Vid. Sharath Kaushik on ghata.

Vid. Ramachandran hails from the famed Maharajapuram lineage, his grandfather being the late Viswanathnatha Iyer and his father late Santhanam. He also happens to be the seventh in line in the direct Sishya Parampara of Saint Thyagaraja.

This solid background has helped him earn a name for himself and carve a niche as the authentic heir of Maharajapuram style. He has been awarded the title of Sangeetha Choodamani by Krishna Gana Sabha, Chennai (2007). He is the Asthana Vidwan of Dayananda Ashram at Saylorsburg, PA. The Swamiji of the Ashram has bestowed upon him the title of *Aarsha Kalaa Bhushanam* (2007) at Chennai.

Grade "A Top" artiste of All India Radio and Doordarshan, Ramachandran was faculty of the Department of Fine Arts at Annamalai University in Tamil Nadu.

On Mar.6, he received the Sangeet Natak Academy Award for 2022 from President of India Droupadi Murmu.

EDITOR'S BOTTOMLINE

I vaguely recall a Phantom comic book story that I read when I was young. This is how the narrative unfolds. A little boy, who is an orphan, gets lost in the jungle. Being rich, he is chased by many bad elements of the society. Before death, his grandfather ties a band around his wrist and instructs him against removing it. That band is nothing but the Phantom's lucky charm, which means whoever owns the band would be under the Phantom's protection. The boy, unaware of the lurking dangers around him, gets protected by the Phantom's confidants, the pygmies in the jungle. Remaining out of sight, they keep protecting him, unknown to the little boy, until he is completely out of danger. All along the innocent child had been enjoying the bliss of ignorance of the hazards surrounding him. This story is absolutely relatable to Lord Krishna protecting the Gopas in trouble.

Starting from his dance over the Kalinga thus taming the huge serpent and protecting the Gopas from the venomous snake, to giving them shelter under the huge Govardhana mountain when there were torrential rains due to the fury of Lord Indra, he was always there for them. The Gopas never ever doubted Lord Krishna's ability to save them from danger. They considered him as a dear friend, and just being in the Lord's company gave them immense happiness. They absolutely did not want anything in return. So, unknown to them, the Supreme Being took pleasure in protecting them.

Offering prayers to the Lord or doing activities that may please the almighty are wonderful ways that we can get reminded of him. Each and every action of ours can be done like a offering to God. By doing so, we not only attain perfection in whatever action we do but also get protected by the Supreme without any knowledge of ours. As the belief goes, Lord Hanuman protects his devotees and stays beside them wherever Lord Ram's name is chanted.

As the saying goes, "You are safe not because of the absence of danger but because of the presence of God protecting."

Dog unearths decades-old military bomb

Jacksonville: A dog digging in her owner's Florida yard unearthed something far more surprising -- and dangerous -- than a bone: a decades-old military bomb.

Mathew Sims of Jacksonville said his dog, Baby, was playing in his yard when she unearthed a metallic object next to his garage.

Sims said the object was about a foot long and weighed around 10 pounds.

He called Jacksonville Police and the bomb squad responded to examine the discovery. Police said the object, an old unexploded piece of military ordnance, was likely buried for decades, based on its state of decay.

The origins of the antique bomb remain unclear.

Human fountain sprouts water for six minutes

Beijing: A man recently set a new Guinness Record for the longest time to spray water from the mouth continuously, a whopping 5 minutes and 51.88 seconds.

Water sprouting is a fairly old trick that dates back to the 17th century. It involves drinking large amounts of water and then regurgitating it using muscle control. It's not something that everyone can do, obviously, but we've seen some pretty impressive human water fountains over the years. However, none nearly as impressive as Ma Hui, a 35-year-old Chinese man who recently set a new Guinness record for the longest time spraying water from the mouth. He smashed the previous record by managing to sprout water from his mouth for nearly six minutes, while the previous record holder, Ethiopia's Kirubel Yilma, had managed to do it for "only" 56.36 seconds.

Relocate vegetable market, ease traffic on M.G. Road

Sir,

I urge the new Mysuru City Corporation (MCC) Commissioner Dr. N.N. Madhu to address the issue of vegetable market located on M.G. Road.

Despite repeated appeals and concerns raised over an extended period, the matter remains unresolved, leading to ongoing challenges.

The current setup of the vegetable market contributes to significant chaos, particularly due to the presence of tempos and vehicles belonging to vendors, which obstruct both motorists and pedestrians.

The absence of a median dividing the road exacerbates the situation, with vendors' vehicles constantly criss-crossing the road, posing serious hazards to road users.

Furthermore, stray cattle roaming the streets presents additional safety concerns for pedestrians and motorists alike. The presence of a considerable amount of garbage, largely generated by the market vendors, attracts stray cattle to M.G. Road.

To address these pressing issues, immediate action must be taken. Installing a median on M.G. Road should be prioritised to enhance traffic management and ensure the safety of all road users.

Additionally, relocating the vegetable market away from its current location is essential to alleviate congestion and improve the overall cleanliness and functionality of the area.

Mining activities around KRS Dam in Mandya

Dam Safety Review Panel is final authority: High Court

Bengaluru, Mar. 29 (BCT)- Three months after the Karnataka High Court imposed a ban on mining and blasting activities within 20-kilometre radius of the Krishna Raja Sagar (KRS) Dam due to concerns over potential structural impacts from mining blasts, a Division Bench of the High Court (HC) has declared that the State-Level Dam Safety Committee or Dam Safety Review Panel will hold ultimate authority over blast activities for mining and related matters.

In January this year, the HC Bench, presided over by the then Chief Justice Prasanna B. Varale and Justice Krishna Dixit, suspended all mining licences for stone quarrying within 20-kilometre radius of KRS Dam in Mysuru-Mandya region of the State under the provisions of the Dam Safety Act, 2021.

The suspension of mining licences extended to all licences granted before Dec. 30, 2021, when the Dam Safety Act, 2021 came into effect, including cases where Court orders or jurisdictional authorities authorised mining.

Competent authority

In its latest ruling, a Division Bench comprising Chief Justice N.V. Anjaria and Justice Krishna Dixit has stipulated that the decision of the Dam Safety Review Panel will be conclusive and asked the petitioners to approach the Panel with their representation.

Photo for representation only.

The Court reiterated the gravity of the situation, emphasising in its order that, according to official information, KRS Dam is crucial for supplying water for the irrigation of approximately 1,25,000 acres of land in the arid regions of Mandya district.

"The potential impact of blast activities typically associated with quarrying on the KRS Dam needs thorough examination, regardless of the competent authority imposing such conditions. Even a minor oversight could lead to a significant hazard. The issue raises serious concerns regarding the safety of the Dam in question, especially in light of the provisions outlined in the 2021 Act," stated the Bench.

"The State-Level Dam Safety Committee possesses the necessary expertise to determine the measures required to safeguard the Dam and the livelihoods of countless individuals reliant upon it. Given our lack of expertise in this domain, petitioners should approach the State-Level Dam Safety Committee," ruled the Bench.

Advocate Sandesh S. Chowta, representing the petitioners, requested the Court to instruct the State-Level Dam Safety Committee to adjudicate the petition within a specific time-frame. However, the Bench declined to enforce any such deadline on the Committee.

"Inquire about the time-line from the Committee. We cannot impose directives on it and it is imperative to respect the autonomy of the Committee," ruled the Judges. Advocate Vikram Unni Balakrishna presented arguments on behalf of the petitioners.

Case background

On Jan. 20, 2024, the Stone Crushers Licensing and Regulation Authority in Mandya District issued a notice to Manchammadevi Stone Crushers and M-Sand unit located in Kanaganamaradi village, Pandavapura taluk, resulting in the cessation of all activities. Challenging this notice, Y.B. Ashok Gowda Patil, the owner of the crushing unit, sought recourse through the Court.

In his petition, Ashok Gowda Patil contended that his establishment solely operated as a stone-crushing and M-sand unit, refraining from engaging in any blasting or mining endeavours or activities prohibited by the ban.

Furthermore, he emphasised that his crushing unit fell outside the 20-kilometre radius stipulated by the High Court's ban.

The petitioner asserted that the notice issued by the Stone Crushers Licensing and Regulation Authority unreasonably restricted the lawful operations of his unit and petitioned the Court to direct the Mandya District Administration to permit the resumption of activities at his crushing unit.

Cops trace bag of jewels left behind in auto

Mysuru, Mar. 29 (RK&BS)- Lashkar Police have succeeded in tracing the bag of gold jewels left behind by a passenger in an autorickshaw within one hour of registering the case. The bag was later returned to its rightful owner with the help of the autorickshaw driver.

Jyothi, a resident of Sathagalli in city, had bought jewellery weighing 60 grams some time ago. As she wanted to exchange the jewellery, she went to a jewellery shop on Ashoka Road with the jewellery bag. However, while alighting from the autorickshaw, she had forgotten to take the bag. However, by the time she realised that she had left the bag, the auto had gone and informed Lashkar Police.

Inspector Mohammed Salim Abbas and staff, who took up the case, succeeded in tracing the autorickshaw. Strangely, auto driver Mohammed Nasir was unaware about the bag left behind by the passenger. The Police later brought the auto driver and his vehicle to the Police Station and returned the valuable to its owner.

City Police Commissioner B. Ramesh, DCP (Law and Order) M. Muthuraj and DCP (Crime and Traffic) S. Jahnavi have lauded Lashkar Police and the auto driver.

Bribe to release salary

Nanjangud BEO, Special Teacher in Lokayukta net

Nanjangud, Mar. 29 (RK,Chandru&KS)- Lokayukta sleuths have trapped Nanjangud Block Education Officer (BEO) and a Special Teacher while they were accepting bribe to release the three months pending salary of a specially-abled teacher.

Shivalingaiah

Ramesh

Those trapped by the Lokayukta are BEO Shivalingaiah and Special Teacher Ramesh. They were caught red handed while receiving bribe amount of Rs. 5,000 from specially-abled teacher Narasimhamurthy at the BEO Office in the town yesterday afternoon.

Narasimhamurthy, a resident of Tilaknagar in Mysuru, had moved an application for the release of his three months pending salary. BEO Shivalingaiah, who went through the application, demanded Rs. 10,000 bribe to release the same, following which Narasimhamurthy lodged a written complaint at the Lokayukta SP Office and a case under Anti-Corruption Act was registered.

Lokayukta Police, under the guidance of Lokayukta SP V.J. Sajith, laid a trap and caught the BEO and the Special Teacher while they were accepting a bribe of Rs. 5,000 from Narasimhamurthy at about 3.30 pm yesterday at the BEO Office.

The accused were brought to the Lokayukta SP Office in Mysuru, where they conducted an enquiry, recovered the cash and produced the duo before a Magistrate yesterday night, who remanded them to judicial custody.

Mysuru Lokayukta Dy.SP V. Krishnaiah, Inspectors Ravikumar, Umesh, Jayarathna, staff Veerabhardraswamy, Lokesh, Gopi and others took part in the raid.

CBI raids AIISH, seizes files from various depts

Mysuru, Mar. 29 (RK&BS)-Following a complaint of gross irregularities, sleuths attached to Central Bureau of Investigation (CBI) raided All India Institute of Speech and Hearing (AIISH) on Bogadi Road in the city yesterday.

A four-member team of CBI personnel who arrived at AIISH office at about 10.45 am, directly went to the Departments of Electrical, Civil, Computer and Software, but there were none to provide required information to them.

As the Director of AIISH Dr. M. Pushpavathi had gone on leave, CBI Officers met in-charge Director Dr. P. Manjula and verified the files related to funds sanctioned to the institute from the year 2018 till date, along with those related to equipment and expenditures and seized them.

They later collected information from Dean (Infrastructure) Dr. Ajish K. Abraham, Chief Administrative Officer Dr. S. Ramkumar and Chief Accounts Officer Ravi Kumar and seized files from them. They also visited Purchase Department and collected the information related to buying of equipment and apparatus from the year 2018, from the officers present along with substantiating records.

The CBI personnel who visited all the departments at AIISH till evening hours, however didn't give any clue about continuing with their visit on second day today too. However, the Officers are staying in the city and are likely to continue with their operation, it is said.

Dr. K. Rajalakshmi, a retired Professor at AIISH had written a complaint to the Central Government in March 2022, alleging grave irregularities in violation of norms. She had also addressed media persons in this regard in the city. Following this, CBI personnel are learnt to have raided AIISH, acting on the directions of Central Government.

However Director of AIISH Dr. M. Pushpavathi was not available for comment in this regard.

Congress opens War Room to reach voters

Mysuru, Mar. 29 (GA&BS)- The War Room on behalf of Congress candidate for the Lok Sabha elections from Mysuru-Kodagu Constituency M. Lakshmana was opened on Gaganachumbi Double Road, Kuvempunagar in the city yesterday.

The War Room has been opened under the leadership of former MLA M.K. Somashekar at the building opposite the residence of former Minister late H.S. Mahadeva Prasad.

Speaking after inaugurating the War Room, Minister for Animal Husbandry K. Venkatesh said "I spoke to a beneficiary of Guarantee Schemes. It is one of the novel initiatives, as many of the families have been financially empowered with the schemes. With every household having a beneficiary of guarantee schemes, we are hopeful that they will support our candidate in the election."

Former MLA Somashekar said "Lakshmana is an intelligent person who is well aware of the social issues bothering the people. He has been constantly questioning the anti-people policies of the Central Government and creating awareness among the people. The response from the people is also positive. We will reach all the voters in the remaining days in order to seek votes from them."

Chairman of Jungle Lodges and Resorts Limited and MLA Anil Chikkamadu, MLA H.M. Ganesh Prasad, KPCC Spokesman H.A. Venkatesh, former Corporator J. Gopi, former Mayors Narayan, T.B. Chikkanna, Pushpalatha Chikkanna, Block Congress President G. Somashekar, Sridhar, Shiv Sagar, Bhargav, Ravishankar and others were present.

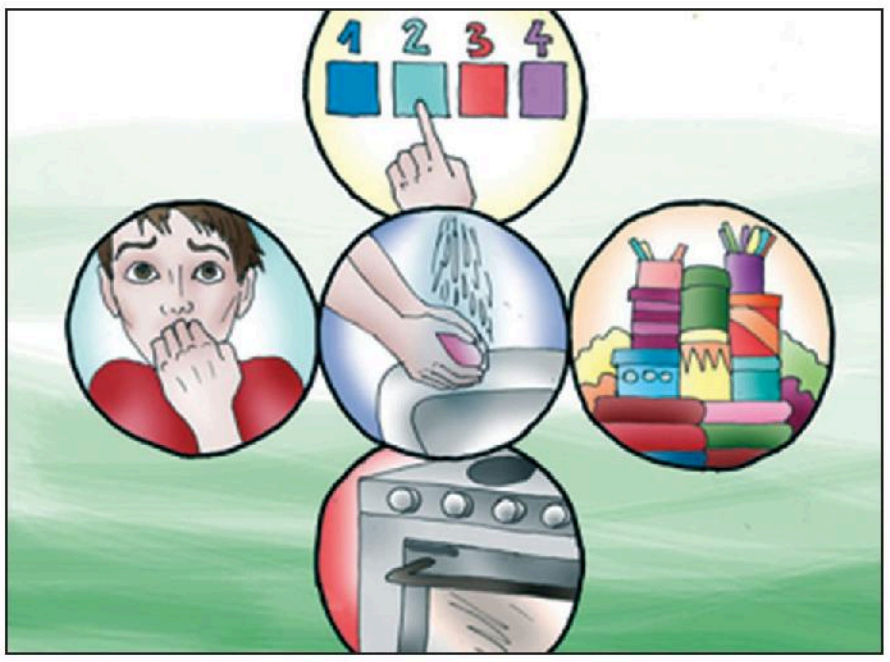
Are you suffering from Obsessive Compulsive Disorder ?



It is estimated that 2% of the human population suffers from Obsessive Compulsive Disorder (OCD). That's one person in every fifty. So for sure, everyone of us knows someone with OCD. Think about it.

How many times have you casually labelled another when you saw them pre-occupied with washing their hands or re-adjusting a picture on the wall or bed cover on a bed. It is one of the most common psychiatric disorders. To be noted here though that OCD tends to also come with comorbidities like Depression, Anxiety, Phobias (health related or social situations) and Panic Disorder among others and so a visit to a Psychiatrist for a diagnosis is essential (and there are some accurate psychometric tests too that a Clinical Psychologist can administer to help with diagnosis).

Risk factors include genetics (first degree relative like parent or sibling), biology (brain areas, brain networks and biological processes) and childhood trauma. Men and women are affected almost equally, but studies tell us that women are more likely to seek professional help for the condition than men.

Childhood onset of OCD is common but it usually takes on an average at least 10 years for an individual with OCD or the family of the sufferer to reach out for professional help. And usually by then there is impaired functioning in areas connected to home, work and social settings. It is a chronic condition that can cause immense distress to both the sufferer and their loved ones. Yes, it impacts the family too. With family members exhausted, frustrated and helpless with the situation. As therapists therefore, we offer sessions to both the individual with an OCD diagnosis and the family members struggling and walking on eggshells around them.

Some common themes in OCD are **Contamination** (hence washing and cleaning), **Harm** - of self or others (hence superstitious behaviours and seeking reassurance and checking), **Scrupulosity** - feelings of moral or religious doubts (and hence confessing, praying and reassurance seeking), **Ordering/Arranging** (hence counting, arranging, repeating) etc. A treatment plan according to severity will include medication and or CBT.

TERMS TO BE FAMILIAR WITH

Obsession: Persistent, unwanted thought, doubt or urge.

Preoccupation: Absorbed with the persistent, unwanted thought, doubt or urge.

Compulsion: (Rituals) actions taken in response to the persistent, unwanted thought, doubt or urge in the attempt to reduce the discomfort felt by the same.

Avoidance Behaviour: Behaviours indulged in, to avoid obsessions and pre-occupations.

The interventions in CBT include **graded exposure** (and not **avoidant behaviours**), **response prevention** (**resisting** the urge to indulge in **rituals**) and **family disengagement** (not being on standby to offer **reassurance** to the sufferer).

Psych education will involve the family of the sufferer too, so that we all speak the same language and stay on the same page to help the person with the disorder during and after treatment. Therapy will involve anywhere from 12 to 16 sessions as the case may be. In CBT we first **address the irrational beliefs and attitudes,** then **question the logic of interpretations and beliefs** and finally offer **techniques to help challenge these beliefs and attitudes.**

An example to best explain: My 26-year-old male client is obsessed with numbers (obsession). So every car that passes him on the road, while going to work in the morning, will have him add up the digits on the number plate of the vehicle **(compulsion).** If it ends mostly in an even number he is convinced that his day at work will go well for him, but if it mostly ends in odd numbers then he braces himself for a rough day at work.

So the drive from home to work will have him search for number plates till he finds more even ones than odd ones **(preoccupation).** And when that eventually happens, he shuts his eyes for the rest of the trip so that he doesn't indulge in this compulsive act of adding up anymore **(avoidant behaviours)** lest the odd ones outnumber the even ones.

LS campaign: Yaduveer Wadiyar calls on Dr. S.L. Bhyrappa

'PM Modi will return to power at the Centre'

Mysuru, Mar. 29 (BLU&BS)- Noted novelist Dr. S.L. Bhyrappa today said that "Prime Minister Narendra Modi will return to power at the Centre."

He was speaking to media persons after holding a closed-door meeting with BJP candidate for Mysuru-Kodagu Lok Sabha Constituency Yaduveer Krishnadatta Chamaraja Wadiyar, for about 20 minutes, at his residence in Kuvempunagar in city this morning.

To a query on some of the leftist leaders opposing Modi, Dr. Bhyrappa said "The leftist leaders are known for practising double standards. Jyoti Basu, a leftist was the Chief Minister of West Bengal for several terms, but his son was selling goods imported from foreign countries."

Prathap Simha, the sitting MP of Mysuru-Kodagu LS Constituency, is a dynamic person with a strong will to speak against Tipu Jayanti. However, Yaduveer has been selected as the candidate this time and he should emerge as a leader like Jyotiraditya Scindia (of erstwhile Gwalior royal family), who is the Union Minister for Civil Aviation.

When asked Yaduveer about Chief Minister Siddaramaiah treading cautiously without commenting on the royal family, but opposing BJP during his recent election campaign, the former termed it as a good sign without personally targeting anybody.

"We too respect the position of Chief Minister," added Yaduveer.

MLA T.S. Srivatsa, former MLC Siddaraju, BJP State Spokesperson M.G. Mahesh, former Corporator S.N. Jagadish and other leaders accompanied Yaduveer when he called on Dr. Bhyrappa and sought his blessings ahead of the elections.

Yaduveer also met Hosamutt Seer Sri Chidananda Swamiji and Adichunchanagiri Mysuru Branch Mutt Seer Sri Somanatha Swamiji and sought their blessings too.

Toll fee hike

(Continued from page 1)

MONTHLY PASS

Cars, jeeps and vans travelling on the Bengaluru-Nidaghatta section will have to pay a fee of Rs. 5,715 for a monthly pass (50 single journeys a month), Rs. 9,230 for Light Commercial Vehicles, Rs. 19,345 for trucks and buses (two axles), Rs. 21,100 for three-axle commercial vehicle, Rs. 30,335 for heavy construction and earthmoving vehicles (4 to 6 axle) and Rs. 36,930 for oversized vehicles. The local monthly pass for all vehicles will cost Rs. 340.

FIRST REVISION IN 2023

After the road was partially opened, NHAI collected toll fees for Bengaluru-Nidaghatta stretch in Feb. 2023. Initially, Rs. 135 was collected from car users for single journeys and Rs. 205 for return journeys.

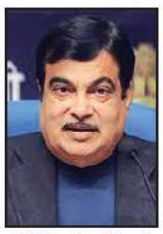
In June 2023, the NHAI started charging a toll fee for the entire stretch from Bengaluru to Mysuru and also revised the fee collected for using the Bengaluru-Nidaghatta stretch. The fee for single journeys hiked from Rs. 135 to Rs. 165 and Rs. 205 to Rs. 250 for using the Bengaluru-Nidaghatta stretch.

For the Nidaghatta-Mysuru section, the one-way journey in car, van and jeep was hiked to Rs. 165 (up by Rs.30) and the two-way journey was increased to Rs. 250 (hiked by Rs.45).

Satellite-based toll system on highways to save time, money

In December 2023, Union Transport Minister Nitin Gadkari announced NHAI would roll out new system by March 2024

New Delhi, Mar. 29 (Agencies)- Union Minister for Road Transport and Highways Nitin Gadkari on Wednesday said that the Ministry will introduce a satellite-based toll collection system, under which, the toll amount will be charged according to the distance covered, and the money will be deducted directly from the user's bank account.



Nitin Gadkari

"Money will be deducted from your bank account and the amount of road you cover will be charged accordingly," Gadkari said. The system will help reduce toll tax and make the journey smoother. "Through this, time and money can be saved," he added.

The Minister, however, did not clarify when the new system would be introduced. On complaints of exorbitant toll taxes, the Minister said that highways save time and fuel usage as well, adding, "Earlier, it used to take nine hours to travel from Mumbai to Pune. Now it is a 2-hour journey. Seven hours of diesel get saved. Naturally, we have to pay some money in return. We are doing it through public-private investment. So we will have to return the money too."

Reiterating his commitment to making India's road network at par with that of the USA by the end of 2024, Gadkari stated that the fate of India's roads would change by the end of this year. He affirmed that he would "definitely be successful" in completing this task.

What is a GPS-based toll plaza system?

As the name suggests, under this system, the National Highways Authority of India (NHAI) will introduce toll collections that run on GPS technology. This means that drivers won't have to stop at plazas to pay toll charges. The toll instead will be deducted automatically from the bank account of vehicle owners.

How does the system work?

A GPS-based toll system will match the GPS coordinates of a moving vehicle to calculate the fee. The toll fee would automatically be deducted as the vehicle approaches a collection point. For the system to work, all vehicles must be fitted with the new number plates that can be directly monitored through satellites using GPS. The automatic number plate reader (ANPR) cameras installed on highways will recognise the GPS-enabled number plate of customers to deduct the money from their bank account.

What is the FASTag system?

Currently, the FASTag system is being used to deduct tolls at plazas. FASTags were made mandatory for all four-wheelers from February 2021. It is an electronic toll collection system in which 'Radio Frequency Identification' (RFID) technology is used to make toll payments.

The FASTag contains a small RFID chip that communicates wirelessly with toll booth readers. When a vehicle equipped with a FASTag approaches the booth, the RFID chip emits a unique 13-digit identification code, which is then captured by the toll booth reader. This code is linked to the vehicle owner's prepaid account, allowing for automatic deduction of toll charges.

Notably, during 2018-19, the average waiting time for vehicles at the toll plaza was 8 minutes. With the introduction of FASTags, the time was reduced to 47 seconds.

Is the GPS-based system different from FASTags?

FASTags make toll payments electronically by using scanners at toll plazas, letting vehicles pass without stopping. With the GPS-based system, tolls will be deducted using the ANPR technology based on distance travelled, making toll plazas unnecessary.

Rameshwaram Cafe Blast Case: NIA arrests key conspirator

Bengaluru, Mar. 29- The key conspirator in the Rameshwaram cafe blast in Bengaluru was arrested yesterday by the National Investigation Agency (NIA) after massive raids across multiple locations in three States.

Muzammil Shareef, who extended logistic support to the other two accused in the case, was arrested after the National Investigation Agency teams raided 18 locations - 12 in Karnataka, 5 in Tamil Nadu and one in Uttar Pradesh.

NIA, which took over the case on Mar. 3, had earlier identified the main accused, Mussavir Shazeeb Hussain, who had carried out the blast. It also identified another conspirator, Abdul Matheen Taha, wanted by the agency in other cases. Both the men are on the run. Abdul Matheen Taha has been missing since 2020.

Raids were conducted yesterday at the houses of all the three accused, as well as the residential premises and shops of other suspects. Various digital devices were seized during the searches, along with cash.

Several customers and hotel staff members were injured in the blast on Mar. 1, which caused extensive damage to the popular cafe. Mussavir Shazeeb Hussain allegedly left behind a bag in the cafe which had an Improvised Explosive Device (IED) in it.

Rameshwaram Cafe resumed operations on Mar. 9 with enhanced security measures to ensure safety of customers and staff.

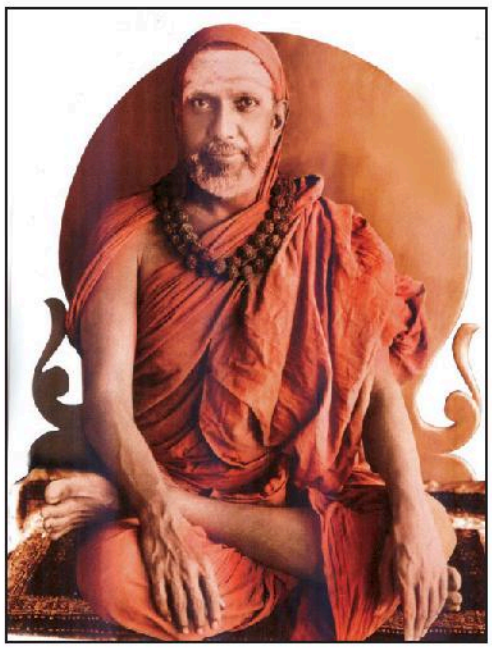
Abhinava Shankaralaya, Mysore completes 100 years

Week-long centenary celebrations from tomorrow

Mysuru, Mar.29 - The week-long centenary celebrations of Abhinava Shankaralaya, Mysore, will be held from Mar.30 to Apr.6 at its premises in Sri Sringeri Shankara Mutt, Fort Mohalla here.

Jagadguru Sri Vidhushekhara Bharati Sannidhanam will grace the celebrations. Additional Solicitor General of India N. Venkataraman will be the chief guest on the occasion.



Jagadguru Sri Sacchidananda Shivabhinava Nrisimha Bharati Mahaswamiji.

Abhinava Shankaralaya Temple.

About Abhinava Shankaralaya

Among the four Amnaya Peethams established by Jagadguru Sri Adi Shankara Bhagavatpada, the incarnation of Lord Paramashiva and the rejuvenator of Sanatana Dharma, the Dakshinamnaya Sri Sharada Peetham at Sringeri is adorned with an unbroken lineage.

The 33rd Acharya of the Peetham, **Jagadguru Sri Sacchidananda Shivabhinava Nrisimha Bharati Mahaswamiji,** was famously called as "Abhinava Shankara" owing to the similarities of His life with that of Sri Shankara Bhagavatpada.

At the revered Acharya's birthplace in Mysore, Maharaja Sri Nalwadi Krishnaraja Wadiyar constructed a beautiful temple in accordance with the directive of the 34th Acharya of the Peetham and renowned Jivanmukta, Jagadguru Sri Chandrashekhara Bharati Mahaswamiji.

In 1924, on Rudhirodgari Samvatsara Phalguna Krishna Ekadashi, the Jayanti Day of His revered Guru, Jagadguru Sri Chandrashekhara Bharati Mahaswamiji consecrated a beautiful murti of His revered Guru in the temple.

In 1980 (Raudri Samvatsara), the 35th Acharya of the Peetham, Jagadguru Sri Abhinava Vidyatirtha Mahaswamiji and the current Acharya, Jagadguru Sri Bharati Tirtha Mahasannidhanam consecrated the murtis of Goddess Sri Sharadamba and Jagadguru Sri Adi Shankaracharya in Abhinava Shankaralaya.

Abhinava Shankaralaya has thus been shining as a great dharmic centre for all Astikas of Mysore for a century now.

When the devotees at Mysore sought the blessings of Sri Mahasannidhanam to celebrate the centenary of Abhinava Shankaralaya, Jagadguru Sri Bharati Tirtha Mahasannidhanam consented. With the blessings of Sri Mahasannidhanam, Jagadguru Sri Vidhushekhara Bharati Sannidhanam will be in Mysore from Mar.30 to Apr.6 (Phalguna Krishna Panchami to Dvadashi) to conduct the centenary celebrations of Abhinava Shankaralaya.

As part of the celebrations, many dharmic and social events including inauguration of the newly constructed "Sri Sacchidananda Vilasa" (Gurubhavana), Maharudra and Shatachandi Yagas for the welfare of humanity, "Shatakoti Rama Shastri Smaaraka Shaastra Sabha", Veda Sadas, Mahakumbhabhisheka of Sri Sharadamba, Sri Adi Shankaracharya, Sri Satyanarayana Swami, Sri Mahaganapati, Sri Sacchidananda Shivabhinava Nrisimha Bharati Mahaswamiji and Navagrahas, Parayana of the Vedas, Guru Vandana and Shankara Stotra Parayana Samarpana will take place.

All Astikas are requested to participate in the centenary celebrations and be a recipient of the benign blessings of Sri Sharadamba, Bhagavan Sri Chandramoulishwara and the Sringeri Jagadgurus, according to a press release from H. Ramachandra, Dharmadhikari, Abhinava Shankaralaya, Mysore and Guru Seva Nirata P. A. Murali, CEO and Administrator, Sri Sringeri Math and its Properties.

Former MLA Vasu remembered

Suttur Mutt Seer Sri Shivarathri Deshikendra Swamiji seen offering floral tributes to the portrait of late former MLA Vasu during a condolence meet held at Sahukar Chennaiah Auditorium of Vidyavardhaka College of Engineering in city yesterday, as Vasu's three sons Kaveesh Gowda, Avish Gowda and Ritesh Gowda, former MUDA Chairman C. Basavegowda, former Mayor Pushpalatha Jagannath and others look on.

Mysuru, Mar. 29 (PM&VNS)- Former MLA Vasu had a big heart of extending help even to his opponents, said Suttur Mutt Seer Sri Shivarathri Deshikendra Swamiji.

He was speaking at a condolence meet organised by Vasu Vishwasi Balaga at Sahukar Chennaiah Auditorium of Vidyavardhaka College of Engineering in Gokulam here yesterday evening.

Swamiji, after offering floral tributes to the portrait of Vasu, said he had never imagined Vasu, who was cautious about his health, would depart so soon and added that the late leader, having settled in Mysuru, had made a mark for himself.

"At the time when Dr. Veerappa Moily was the Chief Minister, Vasu served as his Political Secretary. Despite being elected as an MLA, Vasu was popular as 'Mayor Vasu'. The name Vasu had become a synonym with 'Mayor'. A man of commitment, Vasu ensured the work taken up by him was completed. After being elected as MLA from Chamaraja Constituency, Vasu was instrumental in solving many issues of the Constituency including the construction of a new campus for Maharani's College," he said.

Swamiji also remembered Vasu spearheading the Kannada Sahitya Sammelana at Mysore Palace premises during his tenure as the Mayor of Mysuru city. "Despite not having much funds, Vasu effectively and successfully organised the event," Swamiji recalled.

Terming Vasu as an encyclopaedia, Shivarathri Deshikendra Swamiji remembered an instance when Vasu delivered a one-and-a-half-hour-long welcome speech at a function in Vidya Vikas Institution as people waited for the then Chief Minister S.M. Krishna, who arrived late for the event.

Speaking on the occasion, Ramakrishna Mutt's Mahamedanandaji remembered his student days when he along with his friends visiting Vasu during 1992 and collecting Rs. 500 for a volleyball tournament.

He also said that Vasu was among those who had helped the RK Ashram for installing Swami Vivekananda's statue at Cheluvamba Park in city and for the ongoing construction of Viveka Memorial.

Adichunchanagiri Mutt Seer Sri Nirmalanandanatha Swamiji said Vasu did not go away like another other common man. Instead he served the society and departed as a special person.

"Having a close association with the Mutt, Vasu was not only a politician but a person with interest in literature and an entrepreneur having his stakes in journalism. He will be remembered by the people for the welfare he has done to the society.

Adichunchanagiri Mutt, Mysuru Branch Head Sri Somanatha Swamiji, P.V. Giri of Siddhartha Group, Mysuru, District Congress Rural Committee President Dr. B.J. Vijaykumar, City Congress President R. Murthy, Dr. S.P. Yoganna, Vidyavardhaka Sangha President Gundappa Gowda, State BJP OBC Morcha President Raghu Kautilya, State BJP Minority Morcha President Dr. Anil Thomas and others were present on the occasion.

> When I took over reins of Mysore Palace, I had no experience of public life. That was when Vasu, who was then the Chamaraja MLA, influenced in shaping my appearance in public. I felt sad after hearing about his demise. Having started my political career, I would have received his guidance.

> Vasu is a well-known personality in the city of Mysuru. A person of discipline and a Congress party loyalist, Vasu played a crucial role in strengthening the party. Many officials remember him for his honesty. An unblemished leader, Vasu as MLA had effectively utilised Rs. 1,800 crore funds released by CM Siddaramaiah for development of Chamaraja Constituency.

Youth meets watery grave in Kapila

Nanjangud, Mar. 29- A youth, who had gone for a swim at Hatwalu Katte, across Kapila River, near Hullahalli, along with his friends has met his watery grave. The deceased Abhishek (23), a resident of Krishnamurthy Layout here, was pursuing Engineering at Maharaja Institute of Technology (MIT) in Tandavapura.

Abhishek

Following a holiday, Abhishek, along with his friends Samarth and Preetham went to Hatwalu Katte on Wednesday evening. All the three dived into the water and Abhishek who swam ahead of others was unable to swim back to safety. Samarth and Preetham, who saw Abhishek drowning, shouted for help. A few people, who were nearby, rescued Abhishek but he was dead, it is learnt. Hullahalli Police have registered a case.

WORD OF THE DAY

Kismet

Pronunciation: KIZZ-met (Noun)
Meaning: Kismet refers to a power that is believed to control what happens in the future. It is synonymous with both fate and destiny.
Origin: Is it your fate to tie macramé while drinking coffee and eating sherbet in a minaret? That would be an unusual destiny, but if it turns out to be your kismet, you will owe much to Turkish and Arabic. We borrowed kismet from Turkish in the 1800s, but it ultimately comes from the Arabic word qisma, meaning "portion" or "lot." Several other terms in our bizarre opening question (namely, macramé, coffee, sherbet, and minaret) have roots in those languages too. In the case of macramé and minaret, there is a little French influence as well. Coffee and macramé also have Italian relations, and sherbet has an ancestor in a Persian name for a type of cold drink.
Example: "I'd been a fan of Fantasia since she laid on that floor [on 'American Idol'] and sang 'Summertime,' because, I swear, she was singing to me. I voted for her until my finger was numb. I've always been a fan of hers — and she says the same thing about me. We always wanted to meet each other. It was kismet. So it was easy. The chemistry was natural." — Taraji P. Henson, quoted in The Los Angeles Times, 1 Jan. 2024

THE ODD WORD

Bumfuzzle

This is a simple term that refers to being confused, perplexed, or flustered or to cause confusion.

PHRASE OF THE DAY

Dead Ringer

Meaning: The phrase 'Dead Ringer' is used to indicate that one person or thing is exactly like another.
Origin: The expression 'Dead Ringer' comes from American horse racing and originated at the end of the 19th century, when a horse that would be raced under a false name and pedigree was called a ringer. The word 'dead' in this expression refers not to lifelessness, but to "precise" or "exact."
Example: "Jennifer is a dead ringer for her grandmother."

QUOTE BOX

Life is like riding a bicycle. To keep your balance, you must keep moving.

— Albert Einstein

The difficulty level of the Concept is Sudoku increases from Monday to Sunday.

CRYPTOQUIP

The Cryptoquip is a substitution cipher in which one letter stands for another. If you think that X equals O, it will equal O throughout the puzzle. Single letters, short words and words using an apostrophe give you clues to locating vowels. Solution is by trial and error.
